FACTS ABOUT THE RAVEN

- ❖ The 932 Military Street building is one of a handful of buildings downtown that were constructed in the Civil War era (1860s or earlier). It is quite possible young Tom Edison was in the building during his teenage years (late 1850s) in Port Huron when he worked as a telegrapher 5 or 6 doors north of the Raven at 914 Military (now housing Sentech Services).
- ❖ The present owner purchased the building in 1993, when it was in a sad state of decay—having been boarded up for about twenty years. It had come to be known as the “pigeon house”.
- ❖ The entire interior of the building was gutted, including all electrical and plumbing, floors, stairways and joists.
- ❖ All three floors and the basement were entirely renovated, amounting to some 6000 square feet of developed space, including three upscale apartments on the upper two floors.
- ❖ All in all, about six years of steady effort went into completing the facility. The café opened on December 2, 2002.
- ❖ The Raven pulls in talented acoustic musicians from all over Michigan and beyond and has become known in the acoustic world as one of the prime venues in Michigan—music Thursday through Sunday. Visit the website—ravencafehp.com—to view our upcoming schedule and musician bios.
- ❖ Our book collection of over 7000 antique books and 3000 more contemporary are yours to peruse during your visit here.
- ❖ Our food and beverage menus have been painstakingly developed over the years to always bring you interesting offerings with quality ingredients and great taste not available anywhere else.
- ❖ We always appreciate our guests leaving us comment cards, and you will be added to our weekly emails if you choose to—which include the upcoming week of our music schedule.
- ❖ You might like to take the virtual tour on our website (ravencafehp.com), or take your friends in to take a look. You can also join the Raven Facebook page at the website.

We hope to see you again soon!
